

Environmental Policy

Jagged Edge Enterprises is committed to leading the trucking industry in minimising the impact of its activities on the environment.

Jagged Edge Enterprises aims at achieving continual environmental improvement through implementing a management system with objectives and targets to:

- Minimize our environmental footprint
- Minimize waste by evaluating operations and ensuring they are as efficient as possible.
- Minimize toxic emissions through the selection and use of our fleet.
- Actively promote recycling both internally and amongst customers and suppliers.
- Meet or exceed all the environmental legislation that relates to the Company.

We Will

- Integrate the consideration of environmental concerns and impacts into all of our decision making and activities.
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- Train, educate and inform our employees about environmental issues that may affect their work.
- Reduce waste through re-use and recycling and by purchasing recycled, recyclable or re-furnished products and materials where these alternatives are available, economical and suitable.
- Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non-renewable.
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect the environment when such materials must be used, stored and disposed of.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.
- Strive to continually improve our environmental performance and minimize the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities.
